EVERY
VILLAGE

Theme

Our motto is "Every Village"

Our Need

To create a network of like-minded people that will surround this ministry with prayer and resource it according to their interest and ability

Ministry Need

This mission is a solution, an answer. What's the problem?
·The African need is for Pastors and ministry workers to be supported in a way that they can provide for themselves and their families.
·There is a need for church buildings that are adequate and safe for communities to meet in.
·There is a need for diverse discipleship, leading people to a life of holiness
·Many communities need help in reaching their own people.

Mission Statement

Feeding the hungry, clothing the naked and making Christ known.

Values

We strongly emphasize the following 5 values
Worship: We are called to praise and worship God alone.
Holiness: We are called to lead holy and righteous lives that exemplify the nature and character of God.
Witness: We are called to share the gospel of Jesus Christ with those who do not know Him.
Prayer: We are called to engage in intercessory prayer for the people and causes on God's heart, including standing against evil in every form.
Fellowship: We are called to commit to the Church in both its local nurturing expression and its mobile multiplying expression.

Strategy

·To network with individuals, businesses and churches

·To create a network of like-minded individuals, businesses and
companies and use their skills to make a difference in the lives
of people that we are involved with.

·To create evangelism reaches to expose people to the Gospel

·To raise and empower leaders to disciple new converts

·To plant churches and network to build church buildings

·To start businesses for church leaders to be self-funded

·To run short term mission trips, exposing people to various mission fields

·To be a catalyst in creating movements between individuals,
businesses and churches to enable them to impact
communities beyond their sphere of influence

Future

If we were fully funded we would be able to have more conversations,
network with more individuals, businesses and churches, impact
more communities, build more churches, run more short term
mission trips, help more people and start more
businesses for rural ministry leaders
